ABOUT

The project Intutional Development Plan (IDP) is a subcomponent of the World Bank sponsored National Agricultural Higher Education Project (NAHEP) Under Indian Council of Agricultural Research (ICAR) granted to SKUAST-K to provide a platform for strengthening educational and research activities. The objective of IDP- NAHEP is to develop SKUAST-Kashmir as a pioneer institute for research and development with major thrust in bringing state-of-art educational infrastructure, innovation in agricultural education and to build next generation human capital who shall drive the knowledge based and technology driven agri-economy of J&K and the country. With this Short Course Training on Soft Skills for faculty On Communication and Personality Development is going to be held during September 29th to October 5th September 2020 by Division of Silviculture & Agroforestry Faculty of Forestry, SKUAST-K, Benhama, Ganderbal (J&K), in collaboration with IDP-NAHEP, SKUAST-Kashmir.

INTRODUCTION

Communication is a process of exchange, i.e give and take of information by message or otherwise. It is nothing, but the process of transferring information from one person to another. Effective Communication skills play a crucial role in honing one's personality. Communication helps individuals to express themselves in the most convincing way. Communication helps individuals to express themselves in the most convincing way. Ideation, encoding, transmission, decoding and feedback are important to learn in communication. The processes like listening and note taking, writing skills including linguistic and cognitive factors must be a part of the skill development programmes. Core issues like oral presentation skills, presentation planning, delivering the presentation, impromptu and extemporaneous speaking, group presentations, public, ceremonial, demonstrative, informative and persuasive speaking shall be touched to make communication processes complete. Conversation of different situations in everyday life is of immense need to exist in global communitities. For start-ups and in private sector organizing seminars and conferences is of utmost importance to make the inroads among the existing MNCs. The UT of J & K is very rich in natural resources and has very high potential of creating employment among educated youth by opting for small scale industries. The University has faculties like Agriculture, Horticulture, Veterinary, Fisheries, Forestry and Sericulture which all have potential for producing high skilled youth for these industries.
