Strategy for Strengthening Agricultural Education under Changing Scenario of COVID-19

कृषि शिक्षा प्रणाली के सुदृढीकरण हेतु रणनीति - COVID-19 के बदलते परिदृश्य के तहत

June 26-27, 2020

**Under the Aegis of
World Bank-ICAR Funded National Higher Education Project
Swami Keshwanand Rajasthan Agricultural
University, Bikaner-334006**

About the University

Swami Keshwanand Rajasthan Agricultural University is a pioneer University of Rajasthan established in the year 1987 at Bikaner. It caters to the agricultural need of six districts viz. Bikaner, Jaisalmer, Churu, Jhunjhunu, Sriganganagar and Hanumangarh, out of thirty-three districts of Rajasthan. The university is playing a vital role in the development of agriculture in the broad sense and providing trained human resource, carryout production-oriented research programmes, developing and promoting new technologies in the field of Agriculture, Agribusiness and Home Science.

Academic, research, extension and seed production activities of the University are carried out through a network of three constituent colleges located at Bikaner, two Agricultural Research Stations, located at Bikaner and Sriganganagar and one Agricultural Research Sub-Stations, located at Hanumangarh. Besides, there is National Seed Project unit of ICAR, functional at Bikaner. The extension activities are carryout through seven Krishi Vigyan Kendras and an Agricultural Technology Information Centre located at University Head Quarter, Bikaner.

About NAHEP Project

A World Bank-ICAR funded National Agricultural Higher Education Project (sub-component Innovation Grant) has been successfully implemented at SKRAU, Bikaner during 2018 with the main objective of enhancing entrepreneurship and employability skills in students of agriculture and allied sciences. The project aims at holistic development of the human resources viz. students, faculty, farmers/farm-women, etc. for profitable and sustainable agriculture.

About Webinar

Education is just like a root of the plant, which is hidden in the soil but most essential component for providing nourishment and stability to the plant. The success of educational programme depends upon the quality of the faculty, career-oriented curriculum and learning atmosphere of the institution including equipped laboratories, instructional farm & other required facilities. Agricultural education system in the country is being accredited by National Agricultural Education Accreditation Board, ICAR, New Delhi. Presently, 11 Agriculture and allied sectors at Graduation level, 97 Sub-Sectors at Post Graduation level and 80 Sub-Sectors at Ph.D. level are being operated in 75 Agricultural Universities/ Deemed Universities in India with the aim to create new field of knowledge, skill, ability and expertise with theory, practical and field experience.
